

## Are you tying the knot soon?

Invite *Pasgetroud* to share your big day and capture the special memories!

## What does it entail?

The event is covered over three days: two days before the wedding, and the day itself.

### Before the wedding (2 days):

- An interview with you and your fiancé to learn more about how you met, the proposal and the wedding plans. (about 2 hours)
- Interviews with your parents, siblings and close friends, usually at a family gathering such as a braai/picnic/drinks/tea. (about 2 hours)
- Four wedding elements that can be interesting focus points, i.e. something that is special to you and makes the wedding unique and extraordinary, e.g. the dress/suit, décor, music, the wedding car, the rings, the cake, the first dance, a special person, or something you made/do. This happens with a family member, bridesmaid or groomsman. (about 2 hours each)

### On the wedding day:

- A quick chat with each of you separately while you are getting ready.
- General coverage of the ceremony and reception.
- A retrospective interview at the end of the day after the formalities are concluded to look back on your dream wedding. (about 15/20 minutes)

### Other notes:

- This does not cost you anything, and we don't pay you anything.
- All interviews are conducted in Afrikaans.
- We need photos of you guys, and will send a photo list to help with this.
- Unfortunately, we may not make any of the raw footage available, but we will send you a private YouTube link to the episode after its broadcast on VIA.
