

Elope at

THE CONSERVATORY
WEDDINGS . FUNCTIONS . CORPORATE

we do, we did, we always will

How it Works

You know that you're ready to share your lives together but the thought of planning a wedding overwhelms you.

So many of the wedding traditions just don't feel right for you as a couple/family.

Let us assist you by offering all that you need, ensuring your most memorable day ever.

Choose services based on your vision

From our services offered, select ones that you require.

"Build" your elopement instead of being forced into a package deal

This is a more budget-friendly option and gives you more freedom

An elopement makes provision for 8 guests + the bridal couple = 10 people

We are open to special requests or service upgrades (e.g. fine dining instead of buffet).
